

## Madrid Chestnut

**FABRIC GRADE** 5

**CONTENT**

**REPEAT**

**CUT DIRECTION**

**CLEANING CODE**

**NOTES** Leather is a natural product. Each hide will vary in coloration, natural markings, dye lot, and texture.

When a pull-up leather is stretched or pulled, the oils on the surface cause color migration and lighter areas to appear. While it is possible to rub out some scratches with the natural oils on your finger or thumb, most marks and

creases incurred during handling  
become a lasting part of the product.
